ABOUT US

Just like appearance is important in life, so is it in business. An orderly and clean workplace contributes towards a vivacious, progressive, and to-the-point work mode. Remember, Mpambanyoni Cleaning & Hygiene Services will be there for all of your office cleaning as well as janitorial service needs. We understand that this proposition cannot be a 'one-size-fits-all' and that is why we would like you to consider us as more like a concierge service.

As a small-sized company, we bring a fresh and professional approach to cleaning services; our goal is to exceed the expectations of every client by offering outstanding customer service, exceptional quality, and adding greater value to the service. All our staff are highly trained and are chosen for their integrity and work experience. We have occupational health and safety plan in use, to prevent any injuries and maintain a safe work environment for our workers, and to minimize the risk of any injuries to the general public.

What the team strives for at Mpambanyoni:

We provide our clients with a comprehensive cleaning service. We pride ourselves on networking with industry suppliers and contractors to ensure we are up-to-date with tailored cleaning services to fit our clients' cleaning requirements with the latest trends and cleaning products.

We offer sound, environmentally friendly products that fit your cleaning budget. We care about you and our environment!

Why choose us:

Mpambanyoni is dedicated to helping you create a clean environment in your business. We have many years of experience in the industry and our highly skilled team of cleaners provide professional cleaning services throughout South Africa so that you don't have to do it yourself.

- Our skilled cleaning agents are here for you seven days a week whenever required
- We can tailor our cleaning services to suite your individual requirements
- If you have a cleaning emergency, we can arrange help within 2 – 24 hours
- We maintain our high standard of cleaning through our quality control measures and conduct regular audits on our staff and cleaning sites, showing consistency and transparency
- Providing cleaning packages and cleaning solutions for multiple businesses across Durban.
- We pride ourselves on maintaining open communications and welcome feedback to ensure we are delivering on not only the very high standards we set but also meeting the expectations of our clients
- Meeting with industry leaders to make sure we are up-to-date in the latest technology and usage of environmentally safe products and procedures
- We welcome new clients and aim to maintain our long-term business relationships by building on our reputation year after year and through word of mouth from our existing clientele

We offer our services to:

- Commercial, Industrial and residential sectors
- Medical Facilities
- Retail sector
- Educational Institutions
- Body Corporates
- Hospitality and leisure cleaning sectors
- Government Institutions and Municipal Spaces
- Fleet Services

OUR SERVICES

Deep Cleaning

Commercial businesses as well as public organisations now have a responsibility to emphasise pre-emptive hygienic practices to ensure the health and safety of all. Whether they be staff, residents, students, patients or visitors. Disinfecting a surface will 'kill' 99.9% of the microscopic organisms. The proper use of disinfectants can help contain and prevent the spread of harmful bacteria and viruses. Just call us for thorough deep cleaning services to ensure you and your customers are safe.

Hygiene Services & Consumables

In most buildings, the real workplace space is where all the cleaning attention is centred on. Most of the time, human beings neglect washrooms. This is because they assume that as long as they are no longer producing an awful smell, the entirety is okay. This is no longer entirely true. This is because of matters like bacteria that are unseen with the naked eye. Therefore, it is essential to ease the walls, toilet bowls, and every different area. Doing so ensures that you get rid of any microorganism and germs that can also be present. With this, you can prevent the unfolding of diseases. You additionally get a clean and sparkling washroom, which is visually appealing.

Grass cutting & Gardening Services

No matter your gardening style, you may need some help from time to time to keep it maintained. We can help you, as we provide professional grass cutting & gardening services for all commercial and residential clients. You don't have to let your garden fall into disarray. Instead, you can enjoy a beautiful garden with a minimum of effort. Just call us for regular garden cleaning services or to make a one-off visit.

Security

Mpambanyoni is also a provider of preferred PSIRA-registered security personnel. We are fast becoming a household name in the guarding industry.

Latest officer-monitoring, access control and surveillance technologies are applied to ensure 24-hour accountability, integrity and the fulfilment of our promises to our clients across a wide range of industries.

Waste Management

Mpambanyoni provides solid waste solutions, including general waste and recycling services to businesses and communities around Durban, covering almost 100 companies, as well as commercial and industrial customers of all sizes. Our comprehensive waste stream health checks help businesses choose the right services for their needs including general waste; commingled recycling such as cardboard, paper, aluminium, glass and rigid plastics; cardboard recycling and soft plastics recycling.

Office & Commercial Cleaning

Mpambanyoni understands that every business or commercial environment has a unique set of operating conditions. If there are any particularly challenging issues in your workplace, we will devise custom cleaning solutions to tackle them head-on. After our initial meeting we can deliver cleaning scopes and checklists so you know exactly what work will be carried out.

Window Cleaning

A clean window is a clean window; cleaning services don't vary a great deal when it comes down to the final outcome, however the time and cost spent to achieve that result may be another story entirely. Unfortunately many people mistakenly assume window cleaning to be a one-size-fits-all service, whereas in reality there are many different approaches which can impact substantially on the size of your bill – especially if you are sold the wrong solution!
